

RESOLUTION ON THE PUBLICATION OF COMMENTS TO THE GUIDANCE PRINCIPLES BY THE GENERAL PUBLIC

As of 16 October 2015, during the ISO International Workshop Agreement (IWA) Session #1 on “Guidance Principles for Addressing Sustainability Criteria in Secondary Resources Management – Focus on Metals” held in Davos (Switzerland), the members of the ISO IWA 19¹ attending that Session

AGREED THAT:

1. Anyone may comment in the public consultation round. **Participants of the public consultation** must provide their name and country (or 'global' affiliation). Organisation's name (if any) and stakeholder group² are optional. This information is recorded by the ISO IWA Secretariat. If clarification is needed from a participant, the ISO IWA Secretariat may contact her/him directly.
2. Participants will be encouraged to be transparent and provide the data mentioned in paragraph 1. However, an opt-out checkbox will be provided to indicate their reason for anonymity, for example: commercial sensitivity, repercussions, or individual privacy considerations.
3. A summary table of all comments with/without name/organisation/country/stakeholder group will be published on the SRI website.³ The table will also include the results of the deliberation of the comments resolution meeting.⁴ The results will include the rationale for integrating comments from the members of the ISO IWA 19 in the next version or not.
4. Participants may contact the ISO IWA Secretariat⁵ if further clarification is needed in relation to the results of the comments resolution meeting.

¹ ISO has assigned the number 19 to the current IWA process, i.e. Working Draft (WD) IWA 19: http://www.iso.org/iso/home/store/catalogue_tc/catalogue_detail.htm?csnumber=69354

² E.g. metal and recycling associations and industries, MSMEs on metal recycling activities in developing countries, Original Equipment Manufacturers (OEMs) and related industry associations, standard setting initiatives for sustainable metals, ISO members, NGOs, government representatives, international (intergovernmental) organizations and cooperation agencies, experts and research institutions related to the topic.
